SUBJECT,

*Levy of Local Fund Cess in addition
to the Still-head only.*

Inspected
JP

Mandisroog Superintendent's letter No 6 dated 8th Ultimo requesting instructions whether the local Fund Cess is to be levied on license fees, as well as on the amount realized by the sale of license by auction...

With reference to the above I beg to report that the imposition of the Cess in question was extended to the Collections of "Sayer" including Kalyan on Coffee Cardamum and Betel nut, and "Tobkari" including Toddy Contracts (vide Circular No 312 of the 14th November last) which is now being levied on still heads and paid by Vendors, and as the Cess is once paid on the spirit so distilled, it does not seem advisable to impose the assessment a second time on the same article...

MYSORE COMMISSION.
The Secretary to the
Chief Commissioner of Mysore.

Sir,
With reference to your Circular
No 121st of the 14th November 1877, I have the
honor to request you to be so good as to
obtain the Chief Commissioner's instructions
on the following points in connection with
the incidence of Local fund Cess on
Chayer and Akharry Collections.

2. In the Chief Commissioner's Notifi-
cation No 312 of the 14th November 1877,
published at page 168 of the Mysore
Gazette of 18th idem, it is laid down
that the Local fund Cess of half an
anna on each Rupee of Government
assessment will also be levied on each
Rupee of the collections under the head
of "Chayer" and "Akharry" whereas in
para 6 of the Circular now under reference

it is made in the case of ordinary collections this deduction will have to be made as regards still head duty," but it is not clear whether this deduction is to be made from the collections or in addition to the collections.

3. It is evident from the Notification that the cess is to be levied on the collections, but on the wording of para 6 referred to above, the D^y Superintendent of the Kolar District understands that no local fund cess is to be levied on the amount paid as "still head duty" in excess of the collections.

4. I am of opinion that according to the terms of the Notification, the cess should be levied at half an Anna on each Rupee of still head duty paid, and should not be deducted out of the collections.

5. The Chief Commissioner's ruling as conveyed in Circular No. 2427 of 14th November 1877 is, I presume applicable to the collections already made during a portion of the current year up to the time when the

new

6. If this interpretation is correct, in-
structions will be issued to the Deputy
Superintendents accordingly.

7. I may here state that if the
proposed cess is deducted from the Collection
there will be a heavy loss to Government
which seems inadvisable as the still hea-
duty can easily bear the additional $\frac{1}{2}$
half anna.

8. There is some difficulty and
inconvenience about the recovery of the
fractional part of the cess on duty as
each individual collection is generally of
a trifling amount, and the Deputy
Superintendent of the Mangalore District
suggests that the amount be deducted
from the gross duty collections which
will entail some loss upon Government.

9. I think that the cess should be
levied in addition to duty ac-
cording to the scale given in the margin
exempting all cess on duty below $\frac{1}{2}$ annas.

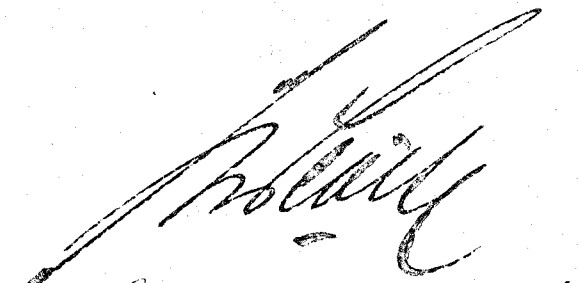

10. Instructions

Ans. A. P.
* From 4 to 8 - 2
From 8 to 12 - 4
From 12 to 16 - 6

10. Instructions are also solicited as to whether local funds are to be levied on all other Contracts such as Forest products Government grazing, land, &c.

I have the honor to be
Sir,

Yours Most Obedt Servts

Superintendent.

Sir,

In reply to your letter No 141 of the 22nd ultimo, soliciting instructions on certain points in connection with the incidence of the Local Fund Cess on Rayer and Abharri Collections, I am directed by the Chief Commr to state that as regards the latter, it was, ~~as before~~, intended that the Cess should be deducted from the still head duty realized, and the amount credited to the Local Fund account, but Colonel Meade is desirous to concur with you that it should be levied in addition to the still head duty, and he accordingly directs that this may be carried out with effect from the 1st March 1872, or earlier if there would be no difficulty in ^{doing so} ~~it being~~. The Chief Commr also approves of the course proposed by you in para. 9 as regards the rate to be levied on Rayer Collections on account of the Cess.

3. I am to add that the Cess should be imposed as an additional charge on all Contracts for Forest produce, sales of grazing,

The points referred to in paras 8 to 10 of your letter will be all placed separately to the Asst. Commr.
